

Robert Brady

Robert Brady holds a Bachelor of Science in Landscape Architecture from Jefferson University. His background in construction management lends itself well to managing and overseeing many of Groundswell Design Group's placemaking initiatives. Rob is involved in all aspects of Groundswell's projects, working holistically from project inception to the final perennial planted. Notable recent projects include Sparkman Wharf in Tampa, Florida, The Urban Green at the Philadelphia Zoo in Philadelphia, PA, and numerous public space activations in downtown Detroit, Michigan.
